

Supv O'Keefe says Div. 6 will handle

MEM 44-1087

Request that Laboratory prior to conducting its examinations arrange for CONTE to view tape.

In addition, there is submitted herewith one board ^{from} which is part of a window sill in window of bathroom at 459 1/2 South Main, from which it appears that fatal shot was fired.

Laboratory requested to examine board to ascertain any possibility of breach powder burns or any other identifiable markings that may be made by weapon in question. Possibility that recoil marks may appear on board. Texture of board was such that no latents of significance could be developed. Suggest however that the Bureau reexamine for possibility latents might be developed by FBI.

In addition, there is submitted herewith five cards appropriately identified of various latents lifted by representatives of the Memphis PD. These latents should be examined against any latents developed in examinations conducted by FBI.
